Protect yourself and your family!!!

Influenza (flu) is a contagious disease that spreads around the United States every winter, usually between October and May.

Flu is caused by the influenza virus and can be spread by coughing, sneezing and close contact.

***NO APPOINTMENT
NEEDED!***

Each year thousands of people in the United States die from flu, and many more are hospitalized.

Flu can lead to pneumonia, and make existing medical conditions worse.

Flu vaccine is the best protection we have from flu and its complications.
